Database subscriptions:

Subscription Description: It contains more than one individual accounts(it works if you need the subscription for a larger number of colleagues). You will receive all the RFPs/Pre-RFP signals in full format by email and via an online account (no need to buy them one by one). It also allows you to customize the emails you receive based on Asset Class, Investor Region.

1. RFPs and Pre-RFPs - Enterprise Account, Unlimited Number of Individual Accounts - Customized Emails - £2950+VAT/year.

2. Database Lite - Enterprise Account (Discounted for One Asset Class). Unlimited Number of Individual Accounts - £6950+VAT/year.

This is option 1+ access to our database(investors, consultants, mandates, key people, historical information, analytics). We offer a discount if you only need it for one asset class.

3. Database Premium - Enterprise Account. Unlimited number of Individual Accounts - £7950+VAT/year. This is option 2 for all asset classes.

The full-access database subscribers receive daily customized emails with PDF-exportable alerts in full format.

Permanent online access to our password-protected database via individual accounts. Alerts, investor and consultant profiles, historical information, reports, mandates, key people.

When you make a decision to subscribe, we can activate your account immediately after the payment is made and we offer customer support.
